

LANGUAGE SPOKEN AT HOME AND ABILITY TO SPEAK ENGLISH
FOR UNITED STATES, REGIONS AND STATES: 1990

Data on language spoken at home and ability to speak English were derived from answers to questionnaire items 15a, 15b, and 15c, which were asked of a sample of persons 5 years old and over.

Data are based on a sample and subject to sampling variability.

CONTENTS:

TABLE A. LANGUAGE SPOKEN AT HOME AND ABILITY TO SPEAK ENGLISH RANKED FOR PERSONS 5 YEARS AND OVER FOR UNITED STATES, REGIONS, AND STATES: 1990

For each area, the 50 languages with greatest number of speakers.

TABLES 1-56. DETAILED LANGUAGE SPOKEN AT HOME AND ABILITY TO SPEAK ENGLISH FOR PERSONS 5 YEARS AND OVER: 1990

For the United States, Regions, and States, detailed tabulations of all languages reported in the 1990 census.

COMPLETE LANGUAGE CODE LIST

All languages coded in the 1990 census, classified into major groups and language families.

ASCII data files, showing tabulations of all languages (in code order) by English speaking ability for all States, are available on two high density floppy disks for \$25.00.

COMPLETE LANGUAGE CODE LIST

This section contains the list of languages other than English spoken at home. The list contains the principal name for each code and additional names for some languages. The languages are in code order within 3 major groupings: Indo-European languages, Asian and Pacific Island languages, and Other languages (includes Native North American). Any consecutive codes missing in the first two groups are listed under the third category. Within the major groupings, languages are grouped under family headings and, in some cases, subfamilies. Some languages are out of numerical order to facilitate family groupings. Other languages which are not listed in families are isolates. Of the 380 languages listed, 53 had no reported speakers.

CODE	LANGUAGE	CODE	LANGUAGE
INDO-EUROPEAN LANGUAGES			
ENGLISH-BASED PIDGIN CREOLES (601-606)
